

KARAVARAN INTERNATIONAL TRADING COMPANY

Company History

Karavaran International Trading Company (KITCO) established in 1997. since then it has been one of the leading trading companies in the field of petroleum, petrochemical and Mineral products in Iran. The company main business is supplying petroleum and petrochemical products and by-products internationally.

The excellent business background has brought us the opportunity to register KITCO in several major oil companies worldwide.

In the year 2000 we created a joint venture with Carbon Tech Company as the first coal tar refinery in Esfahan to produce, market and supply a number of products such as Heavy Oil, Naphtha, Light Oil, etc.

Our Business

1. Trading:

The company mainly deals with companies in the Persian Gulf region and has gained extensive connection with the end users in the region through dynamic marketing and inclusive connections. This attitude and business approach led us to penetrate other important markets in Middle East, Asia , South Africa and Europe.

Products:

We deal with a wide range of products amongst all:

- Naphtha
- Fuel Oil
- Rubber Process Oil
- Pygas (DPG) off grade
